

# Lockout/Tagout Compliance Finder

Can you find all required Lockout/Tagout elements in your facility? If the following six Lockout/Tagout items cannot be easily identified in your workplace, you should re-evaluate your current Lockout/Tagout Plan and Procedure to improve the safety of your employees.

## #3 Permanent Identification Labels

*Are the labels clearly identified and tamper evident?*

## #4 Locks, Tags, & Devices

*Are these easy to find in your facility?*

## #5 Training Posters

*Do your posters align with your employee training Procedures?*

## #6 Corporate Messaging

*Could your employees define all safety measures and rules?*

## #2 Stocked Lockout Stations

*Are your Lockout Stations fully equipped with necessary devices?*

## #1 Machine Specific Procedures

*Do you have a Lockout Procedure? Are your workers fully trained on the Procedure?*
