

## Brass Stencils

**Description:** Seton's Interlocking stencils is an economical choice for marking crates, pallets, boxes, isles, floors and more. They are reusable and are available in 3 sizes; 2", 3", and 4" characters. Their application and assembly is quick and easy. Seton's Interlocking Stencils are also solvent resistant and can be used again and again.

**Material:** 7030 Cartridge Brass

**Thickness:** 28 Gauge

**Melting Point:** 1700°F

## Ansi Letter Size Oilboard Pipe Stencil

**Description:** Seton's Diagraph Stencil Board is processed with a special formula of double-boiled linseed oil, cured in our own plant and cut through the grain for extra rigidity. It lubricates gears with each cut, extending the life of your stencil machine, and resists ink absorption so the same stencil can be used over and over.

**Use:** Attach stencil to pipe and spray with aerosol paint and get a permanently marked pipe within minutes!

Character Height:	Letter Height	Overall Pipe Diameter	Size of Letters to meet ANSI Specification
	1/2"	3/4" - 1-3/4"	1/2"
	3/4"	1/2" - 2-3/8"	3/4"
	1-3/4"	2-1/2" - 7-7/8"	1-1/4"
	2-1/2"	8" - 10"	2-1/2"
	3-1/2"	Diameters over 10"	3-1/2"

**Thickness:** .015" (0.38 cm) thick cardstock.
